

Stainless steel 316 mini post clamp is widely used in frameless glass pool fencing system. There are base plate and core drill type and designed to suit **5/16", 3/8" and 1/2"** tempered glass panels. There is no need to have holes drilled in the glass and you may adjust the tense based on your requirement.

Both satin and mirror finish are available. Satin finish looks more elegant while mirror finish looks shiny.

You may have the mini post installed for concrete deck and timber deck. In addition, we sell mini post, but also do the service for the whole project for your swimming pool fence.

The tempered glass panel is tailor-made. Please send you the sketch of your pool fence, we will give you a wonderful pool fence as return.
