

New design glass door hinge is so popular in Australia and Canada now! This design is heavy duty and much stronger than normal hinge in market.

We have 3 models for your choice:

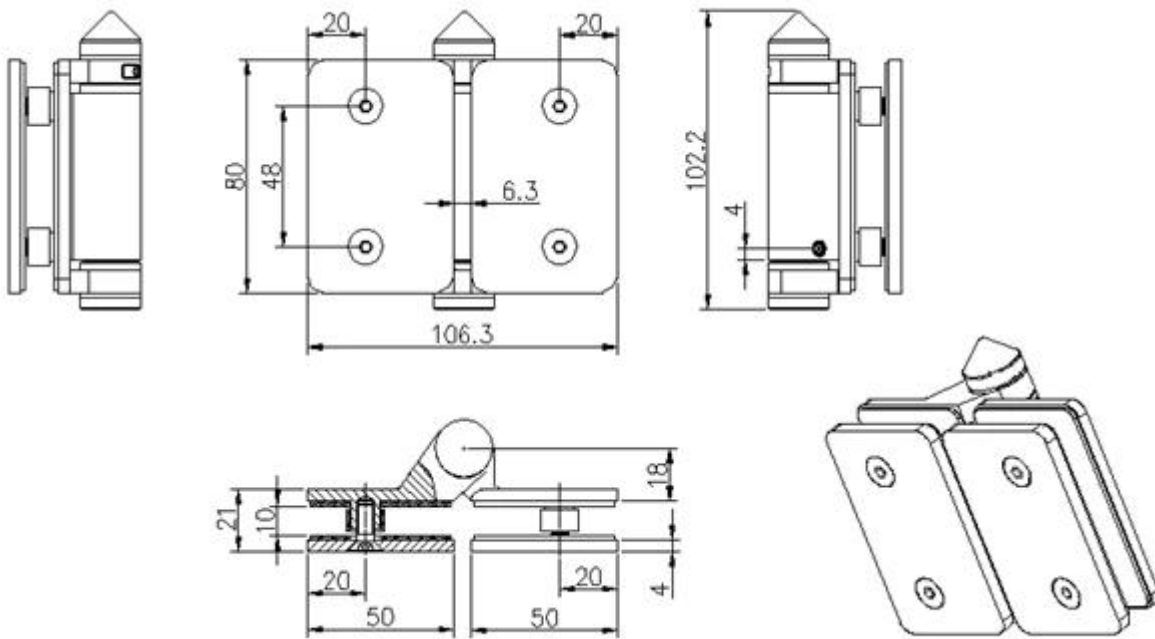

1. glass to glass hinge G-G2; most often used model
2. glass to wall or glass to square post hinge G-W2; most popular model
3. glass to round hinge G-P2; suit for semi-frameless gate

Please check below hinge photos:

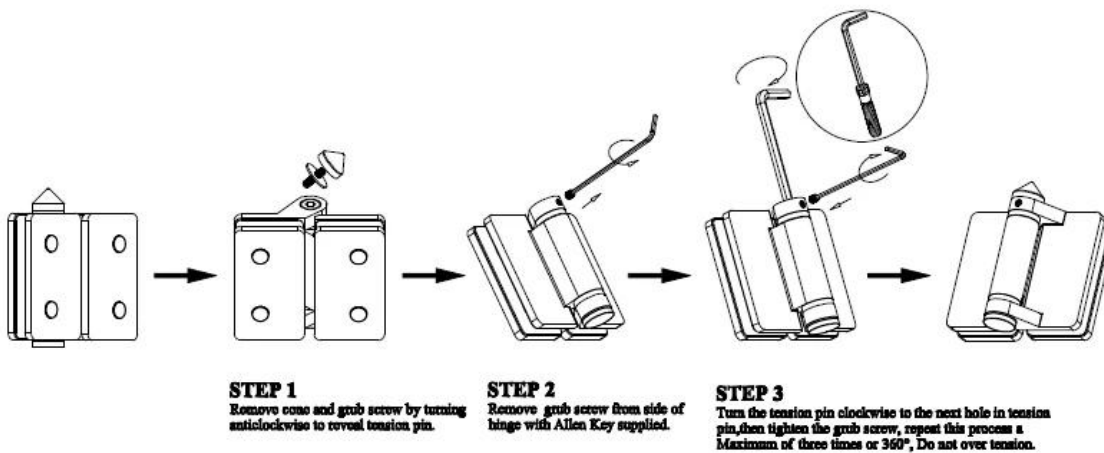

G-G2

Please check below hinge drawing with dimension:

Please check following hinge using instruction:

Instructions for adjusting tension on Glass to Glass hinge
