

Figure 1 shows the technical drawing of a mechanical part. The part consists of a cylindrical base with a diameter of $\phi 50$ and a height of 30. A vertical shaft with a diameter of $\phi 14$ is mounted on the base. The shaft has a total length of 100. The top of the shaft is threaded with an M12 thread. The distance from the top of the shaft to the top of the base is 12.
