

Stainless steel end caps work as not only decoration in the end of handrail post, but the safety function for people when they happen to touch it.

There are various types of end caps in round and square shape for your choice. Usually dia38/43/50.8/63.5mm for round post and 25\*25/30\*30/40\*40/50\*50mm for square post.

The end cap is made by casting, which means the quality is excellent and can do beautiful brushed and mirror finish in the surface. It is very easy for installation. You just need put it inside the post and push it by hand.
