

316 stainless steel tensioning fittings for 1/8" 3/16" cable

**T807 threaded receiving, swage fitting, tensioning for level applications
best suit for diameter 1/8" 3/16" wire rope**

Tension receiver:

Tension Receiver

Threaded Crimp Fitting:

Threaded Crimp Fitting

Fixed End Fitting:

Fixed End Fitting

No visible fittings

The threaded receiver is highly reliable and cost effective while being almost entirely concealed within the newel for a very aesthetically pleasing appearance.

Drill the end newel posts and slide the receiver inside.

The receiver is female-threaded to accept the male-threaded swaging stud that is attached to the cable.

Type 316 stainless steel has the best corrosion resistance among standard stainless steels. It resists pitting and corrosion by most chemicals, and is particularly resistant to saltwater corrosion.

These can be used for a variety of applications. Sail boats and yachts, cable railing, and for shade sails.

1) Material: stainless steel 316 or stainless steel 304

2) Surface finish: highly polished or satin brushed

3) Standard: Metric and UNF

4) Customer design: our experienced engineer team can develop the products and manufacture in accordance with samples, drawings or only ideas

5) Delivery: by sea, by air or by express service

6) Price term: FOB or CIF

7) Sizes: from 3mm to 6mm or as per your requests

8) Type: Swaged countersunk head end, swaged flathead end and swaged domehead end

9) Packing: clean poly bags and cartons and pallets or as per requests

10) For more swage adjuster, please email us for full catalogue

Shenzhen Launch Co., Ltd was established in 2004, located at Nanshan District, Shenzhen, and one hour by car from Hongkong International Airport. Our main product is high-grade building materials includes stainless steel balustrade post, staircase handrail, balcony guardrail, swimming pool fence and other high-grade building materials. All the products are designed strictly according to the high-end market requirements. We have our own factory in Tangxia Town, Dongguan, has a variety of precision equipment more than 50 sets: CNC lathe, milling machine, punching machine, pipe cutter, argon welder, drilling machine, polisher, etc. which can provide customers with complete product processing services. With the German SPECTRO Spectrometer, we insist on testing every batch of materials to ensure that the material is highly qualified. We also have hardness gauge, secondary element and other test equipment to ensure the products meets customers' requirements.

ABOUT US

Our Team

OUR ADVANTAGE

Please do not hesitate to contact us if you have any requirement regarding our production lines, you can expect a timely reply with professional solutions!

Own factory, shortest lead time.

Can help customers design product drawings based on customer ideas and design engineering installation drawing according to the customer site sketch.

Sample order, trial order acceptable.

Provide material test report to ensure that the material is qualified.

13 years of industry experience, we can help customers recommend the best solution to help customers save cost.

OUR FACTORY

More than 13 years experience in hardware industry design and processing, we can provide customized services from design to the sample and small batch trial production.

OUR CERTIFICATE

With premium quality, competitive price and superior service, we won a lot of customers' favor.

Our products are popular in North America, European and Australia.
