

When you start planning to install a fence your patio with glass balustrade , it would be very helpful if you look at below information of our glass balustrades .

Glass railing is one of the most popular balcony fence designs . The stainless steel railing post gives you stunning look and of high quality . Clear glass panels gives you unobstructed views if the city view or your house backyard .

Usually for outdoor use, we suggest using 316 stainless steel as there is always windy , rainy and snowy weather outside , 316 SS is of much better corrosion resistance .

Regarding glass panels , you can choose 10mm , 12mm or laminated glass .
