

Everyone can afford our stainless steel 316 round base plate glass spigot. This glass spigot is designed to hold 10-12mm glass railing.

It is made by casting, which is strong and beautiful for your glass fencing. You may choose either brushed finish or mirror finish. The glass spigot is base plate type for surface mounting on both concrete and timber deck. There is no holes required in the glass panel.

Both retail order and wholesale order are available.
