Shenzhen Launch Co.,Ltd has been manufacturing the whole set of stainless steel hardware for frameless glass balustrade for several years,including glass spigot base plate and core drill,glass hinge and latch for glass door.

All hardware is SS316 grade,available in brushed and mirror finish. They are designed to hold 8-13.52mm thick glass. It is no holes needed in the glass panel when installation and we will give you the drawing of hole position for glass door when hinge and latch installed.

There is no limit on MOQ. You may order only hardware from us,or the whole project. We do tailor-made cutting for the glass panel.

The goods can be shipped by express, by air and by sea. All depends on your demand.
We accept T/T,Western union and Escrow regarding to the payment terms
