Aluminum Handrail Strength Test Report

Introduction

MTS Metallurgical Testing Services was engaged at the client's request to witness the installation of a sample pool fence post and to subsequently conduct load tests on the post to the requirements of the Australian Standard AS 1926.1 - 2012.

Standard/Specification AS 1926.1 - 2012, Section 3.2 and Appendix B

Results Summary

(For details of individual tests, refer to the tables on the following pages.)

ID	Item/Heat No.	Dimensions/Type/Details	Finish	Overall Assessment
14110/01	ASB1265	1265mm High, 50mm Square, Aluminium, Base Plate	6063-T5	COMPLIES

Remarks

After completion of the testing, the post was found to be in sound condition with no breakage, tearing or signs of fracture and no looseness of the fixings.

Colin Lorrimer
Metallurgical Testing Manager
