

This model type of bracket is very unique.

It comes with a tubing connector for supporting 38mm or 42.4 or 50.8mm pipe handrail.

It also come with a base and cover plate .

Base has 3 holes for screws into concrete wall.

Cover plate will cover the screws , so you can't see it.

So it looks more fashionable and beautiful.

It can be used for indoor or outdoor railing or balustrade.
