

Stainless Steel Glass Standoff (Model SF-50)

The Stainless Steel Glass Standoff (Model SF-50) is a premium architectural hardware component designed to support and secure glass panels in various applications such as balconies, staircases, and swimming pool fences. This model features a robust construction, versatile design, and easy installation.

Key Features

- **Material:** Constructed from high-quality 304/316 stainless steel, the SF-50 glass standoff offers excellent corrosion resistance and durability, suitable for both indoor and outdoor environments.
- **Finish:** Available in a satin mirror finish or matte black powder coating, providing a sleek and elegant appearance that complements any architectural style.
- **Size:** The SF-50 comes with a cap size of 50*12mm and a body size of 50*30mm, ensuring a secure fit for glass panels.
- **Bolt:** Equipped with an M12*120 bolt, this glass standoff can accommodate glass panels with a thickness ranging from 10mm to 21mm.
- **Application:** Ideal for use in balconies, staircases, swimming pool fences, and other architectural projects that require the installation of glass panels.
- **MOQ:** With a minimum order quantity of 4 pcs, this product is suitable for both small-scale and large-scale projects.
- **Glass Hole Requirement:** The SF-50 requires 16mm diameter holes in the glass panels for proper installation.

Installation:

The installation process of the SF-50 stainless steel glass standoff is straightforward and hassle-free. Simply drill the required 16mm diameter hole in the glass panel, insert the standoff, and secure it with the provided bolt. The result is a secure and aesthetically pleasing glass installation.

The Stainless Steel Glass Standoff (Model SF-50) is a reliable and stylish choice for securing glass panels in various architectural applications. Its high-quality construction, versatile design, and easy installation make it an excellent choice for professionals and homeowners alike. Order your SF-50 glass standoffs today and elevate your glass installations to new heights of elegance and safety.
