

1/2" frameless glass balcony balustrade system has become more and more popular. This style can give you a full view from the balcony. We do custom-made service for the 1/2" tempered glass panel with edges polished. All glass spigots are made of 316 marine grade stainless steel material, which is rust proof in wet weather. What is more, there is no holes required in the glass panel. It is friction type which is very easy for installation and zero cost for maintenance.
