

Shenzhen launch offers stainless steel pre-drilled fit spigot for 12mm thickness of glass . All our spigots are made of highest quality 100% tested stainless steel 316 or duplex 2205 .

Our [stainless steel spigots](#) are friction type , no need to drill holes on glass panels which makes it easy to install .

Here we are 4 different models of spigot :

square base plate spigot

SBM

round base plate spigot

square core drill spigot

round core drill spigot
