

slotted channel mini top rail for frameless glass railing. It makes your railing more safe and elegant.

rubber groove inside the channel to adjust the thickness of glass. **No hole need in glass.**

Round channel outer diameter: 25.4mm , inner rubber groove 14mm*14mm.

Square channel outer size: 25mm*21mm, inner rubber groove 14mm*14mm.

The channel length is as per your request, but for easier transport, the Max. length should be 5.8m.

all the fittings like inline connector, corner connector, end cap and wall mount flange is available. **You no need to pay extra mould fee.**

Mirror or satin finish, which do you prefer ?
