

316 encaixes de tensão de aço inoxidável para 1/8 " 3/16 " cabo

Receptáculo roscado T807, encaixe de pressão, tensionamento para aplicações de nível melhor terno para diâmetro 1/8 " 3/16 " fio de corda

Receptor de tensão:

Tension Receiver

Encaixe De Crimpagem Com Rosca:

Threaded Crimp Fitting

Montagem Final Fixa:

Fixed End Fitting

Nenhum acessório visível

O receptor de rosca é altamente confiável e econômico, sendo quase totalmente escondido dentro do newel para uma aparência muito esteticamente agradável.

Perfure os postes finais do newel e deslize o receptor para dentro.

O receptor é roscado de forma automática para aceitar o pino de prensagem roscado macho que está ligado ao cabo.

O aço inoxidável tipo 316 tem a melhor resistência à corrosão entre os aços inoxidáveis padrão. Resiste à corrosão e à corrosão pela maioria dos produtos químicos e é particularmente resistente à corrosão por água salgada.

Estes podem ser usados para uma variedade de aplicações. Velejar barcos e iates, corrimão de cabo, e para velas de sombra.

1) Material: aço inoxidável 316 ou aço inoxidável 304

2) acabamento de superfície: altamente polido ou cetim escovado

3) Padrão: métrico e UNF

4) Projeto do cliente: nossa equipe de engenheiros experientes pode desenvolver os produtos e fabricar de acordo com amostras, desenhos ou apenas idéias

5) Entrega: pelo mar, pelo ar ou pelo serviço expresso

6) termo de preço: FOB ou CIF

7) tamanhos: de 3mm a 6mm ou como por seus pedidos

8) Tipo: Extremidade da cabeça embeber embebida, ponta chata e extremidade do domehead

9) Embalagem: limpar sacos de polietileno e caixas e paletes ou como por pedidos

10) para mais ajustador de swage, por favor envie-nos para o catálogo completo

Shenzhen Launch Co., Ltd was established in 2004, located at Nanshan District, Shenzhen, and one hour by car from Hongkong International Airport. Our main product is high-grade building materials includes stainless steel balustrade post, staircase handrail, balcony guardrail, swimming pool fence and other high-grade building materials. All the products are designed strictly according to the high-end market requirements. We have our own factory in Tangxia Town, Dongguan, has a variety of precision equipment more than 50 sets: CNC lathe, milling machine, punching machine, pipe cutter, argon welder, drilling machine, polisher, etc. which can provide customers with complete product processing services. With the German SPECTRO Spectrometer, we insist on testing every batch of materials to ensure that the material is highly qualified. We also have hardness gauge, secondary element and other test equipment to ensure the products meets customers' requirements.

ABOUT US

Our Team

OUR ADVANTAGE

Please do not hesitate to contact us if you have any requirement regarding our production lines, you can expect a timely reply with professional solutions!

Own factory, shortest lead time.

Can help customers design product drawings based on customer ideas and design engineering installation drawing according to the customer site sketch.

Sample order, trial order acceptable.

Provide material test report to ensure that the material is qualified.

13 years of industry experience, we can help customers recommend the best solution to help customers save cost.

OUR FACTORY

More than 13 years experience in hardware industry design and processing, we can provide customized services from design to the sample and small batch trial production.

OUR CERTIFICATE

With premium quality, competitive price and superior service, we won a lot of customers' favor.
Our products are popular in North America, European and Australia.

PRODUCTION PROCESS

Casting

CNC lathe
